Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: applicant was notified that as a result of an appeal conference to discuss the filed appeal brief of 06/20/2005, a decision made to re-open the prosecution and send another non-final action. Applicant still believes that the applied reference '725 does not disclose the claimed limitation of step (e) of claim 45 "permanently sealed in the region of their overlap by full-surface sealing,". Applicant argues that by pressing the overlap does not mean "full-surface sealing", such arguments need to be further considered by the examiner.
